## **Updated Grievance Contact Info**

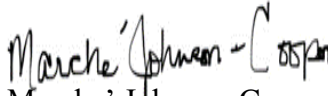

Sisters and Brothers:

As you know we have had Local Lodge elections and many of your Local Lodge representatives have changed. We are still working through the transition and training process, so your patience is appreciated. But as always representing the membership is of the utmost priority. Attached is an updated contact list. We are still in the process of transitioning the grievance phones to the EWR reps, but we expect to have them delivered to the new EWR representatives in the next couple days, so if you require immediate assistance from an EWR representative please use email during this short time. Please find your representatives updated contact information here as well as on the IAMAW app which can be found on both the Google Play Store and the App Store for iPhone.

Again, your patience and support during this transition is appreciated.

In solidarity,

  
Sara Gonzales
