COMMUTAIR GRIEVANCE CONTACT INFO

Sisters & Brothers:

As you know we recently had Local Lodge elections and wanted to provide you updated contact information for your grievance representatives. We are still working through the transition and training process, so your patience is appreciated. But as always representing the membership is of the utmost priority. We are still in the process of transitioning the grievance phone to the EWR rep but we expect to have it delivered to the new EWR representative by next week, so if you require immediate assistance from an EWR representative please use email during this short time.
